📄 SUMMARY

Product Designer with **2+ years** of experience building fintech and e-commerce interfaces. With CS background and hands-on design skills — I ship design as code using AI-assisted workflows with MCP integrations and maintain cross-platform design systems.

👛 PROFESSIONAL EXPERIENCE

Product Designer, Pluto Money 🔗

10/2025 – 05/2026 | Bengaluru, India

- Led the **0 to 1** design process of the Pluto Money app and website ensuring consistency across all digital products.
- Applied **frontend principles** to author production-ready components in Cursor and Antigravity, achieving **1:1** design-to-code fidelity and streamlining engineering handoff.
- Architected an end-to-end design-to-handoff pipeline using Figma and Paper, replacing manual asset preparation with structured data creation.
- Strategized and extended **visual design systems** and pattern libraries across mobile and web.
- Reduced concept-to-prototype time by **~60%** by integrating AI-assisted design workflows into the core UI/UX lifecycle.
- Designed complex financial flows with **WCAG compliance**, utilizing user-centered design principles to reduce accessibility related QA cycles.
- Collaborated closely with cross-disciplinary engineering teams, delivering spec-ready components to reduce revision loops and unblock developers.

UI and Graphic Designer, The Bear House 🔗

07/2024 – 10/2025 | Bengaluru, India

- Redesigned the brand website UI/UX end-to-end, making data-driven decisions that improved search rankings to top 3 and reduced page load time by **~40%**.
- Designed and launched brand storefronts across multiple e-commerce platforms, creating a unified customer experience.
- Produced marketing assets and established a consistent visual identity, applying strong visual design principles to strengthen brand recognition.
- Streamlined creative workflows across cross-functional teams, significantly **reducing TAT** for multiple campaign assets most notably for Shark Tank India.

🧠 SKILLS

Core: Design Systems, iOS & Android Design, Responsive Web Design, Product Strategy, Interaction Design, User-Centered Design (UCD), User Research & Usability Testing, Data-Driven Design, Stakeholder Management

AI-Assisted Design Workflows: Cursor, Antigravity, Paper, Stitch, Pencil, Figma

Adobe Creative Suite: Photoshop, Illustrator, Premiere Pro, After Effects

🎓 EDUCATION

B.E. in Computer Science, National Institute of Engineering 🔗

11/2020 – 07/2024 | Mysore, India

📜 CERTIFICATES

Google UX Design Specialization 🔗 — Issued **Jul 2024** through **Coursera**
